OK, thanks. I wasn't shocked, & I don't think it was from anyone else at DEQ.

Keep up the great work,
Jim

I have heard some rumors afloat that people have the impression that Chip and I were shocked at how brief the executive summary is in the BHHRA. I want to clear the record that we are VERY PLEASED that the document was able to be so clearly and concisely summarized and based on the enormous volumes of paper we seem to get lately, we were only shocked in the fact that someone (Elizabeth) was actually capable of presenting the summary of human health risks in such a brief manner.

If anyone wants to discuss this further or would like a copy of the draft executive summary for the BHHRA, please contact Chip or myself (or for that matter, the author herself!).
